Profile Summary

Data Analyst with hands-on experience in SQL, Python, Power BI, and Excel, along with practical exposure to data annotation for AI/ML in the autonomous driving domain. Skilled in building dashboards, cleaning data, and reporting KPIs. Seeking a data analyst role to deliver actionable business insights in a data-driven organization.

Technical Skills

- **Languages:** Python, Pandas, NumPy, PostgreSQL
- **Data Analysis & Visualization:** Power BI, Excel, Dashboarding, KPI Reporting, Data Analysis, Data Cleaning
- **Libraries & Tools:** Pandas, NumPy, Matplotlib, Seaborn, ETL, EDA, Pivot Charts, DAX
- **Cloud:** AWS, Snowflake
- **AI Tools:** ChatGpt, Gemini, Claude
- **Soft Skills:** Attention to detail, Time Management, Teamwork, Problem Solving, Quick Learner

---

Experience

Data Annotator | Qualitas Global **July 2026 – Present**

- Working as a Data Annotator at Qualitas Global on projects in the Autonomous Driving (ADAS) industry, annotating image and video data using bounding box techniques in Labelbox to support training of computer vision models for autonomous vehicle systems.
- Labeled objects such as vehicles, pedestrians, lane markings, and traffic signs with high accuracy, following strict quality guidelines for safety-critical AI applications, and collaborated with QA teams to resolve labeling errors.
- Consistently met annotation targets while maintaining precision, contributing to timely delivery of high-quality datasets for AI/ML model development in the autonomous driving domain.

Data Analyst Trainee (Internship) | ARC Institute & Technology **Nov 2025 – Jun 2026**

- Completed a hands-on Data Analyst training program with internship, gaining practical skills in Excel, SQL, Power BI, and Python covering the end-to-end workflow from data collection and cleaning to analysis and reporting.
- Performed data cleaning, transformation, and analysis using Excel (Pivot Tables, VLOOKUP, formulas) and Python (Pandas, NumPy), and wrote SQL queries to extract, filter, and join data from relational databases for reporting.
- Designed interactive dashboards in Power BI to visualize key metrics and applied statistical and analytical techniques to identify trends, patterns, and business insights from raw datasets.

Education

B.E. Computer Science and Engineering, Completed in July 2025
Dr. Rajendra Gode Institute of Technology & Research, Amravati
SGBA University - CGPA: 7.28

12th (HSC) Science, March 2020
Shree Ramkrishna Krida Mahavidyalaya Amravati
Maharashtra State Board - 58.30 %

10th (SSC) Science, March 2018
Smt. Rukhminidevi Vadnere Vidyalaya Pimpalgaon (Nipani)
Maharashtra State Board - 86.40 %

Certification

- Udemy – Data Analysis Certification
- Deloitte – Data Analytics Job Simulation
- Tata – Data Visualization Certification
